Date: February 11, 2005

NOTICE OF PROPOSED CORRECTIVE ACTION

Section 280.67 of the S.C. Underground Storage Tank Control Regulations (R.61-92) requires that any Corrective Action Plan prepared to meet the requirements of 280.66 must be placed on notice for public comment. The following applicant has submitted a Corrective Action Plan for the rehabilitation of ground water contaminated by petroleum constituents released from underground storage tanks.

Applicant: Moore Oil Company. Branchville Texaco has three underground storage tanks (UST) used for storage of petroleum. The USTs are currently out of use but will be re-activated in the near future by Brabham Oil Company. The facility is located at 7618 Freedom Road in Branchville, South Carolina.

Corrective action will consist of the extraction of free product using Multi-Array Vacuum Extraction and the injection of hydrogen peroxide to enhance chemical oxidation followed by natural attenuation.

A copy of the Corrective Action Plan is available for review at the Freedom of Information Office (803-898-3880) SCDHEC 2600 Bull Street in Columbia, SC.

Persons wishing to comment upon or object to Corrective Action approval are invited to submit same in writing on or before February 28, 2005 to South Carolina Department of Health and Environmental Control, Underground Storage Tank Program, 2600 Bull Street, Columbia, S.C. 29201 or call Read Miner at (800) 826-5435. The public notice # should be placed at the top of the first page of comments. Where there is a significant degree of public interest, the UST Program will hold a public hearing.

Please bring the foregoing to the attention of persons who you know will be interested in this matter.
